[DOCUMENT D.]

BY THE SENATE,

JANUARY 11, 1858.

Read and ordered to be printed.

By order,

C. HARWOOD, Secretary.

Comptroller's Report.

TREASURY DEPARTMENT,

COMPTROLLER'S OFFICE,

January 4th, 1858.

To the Legislature of Maryland:

THE following Report is respectfully submitted in accordance with the second section of the sixth article of the Constitution.

RECEIPTS.

STATEMENT A, of the Appendix, shows the total receipts into the Treasury in the fiscal year, which ended the 30th of September, 1857, to have been \$1,384,705.40.

There remained in the Treasury on the 30th September, 1856, \$592,936.32, which added to the receipts of the year, make an aggregate in the Treasury, for the fiscal year, of \$1,977,641.72.

Of the receipts in 1857, the sum of \$958,746.44 was for revenue which accrued in that year, and \$425,958.96 for revenue which accrued in former years.

By a comparison of the total receipts in 1856 with those in 1857, an excess will appear in favor of the latter year to the amount of \$154,333.40; but there is included in the receipts of 1857, the sum of \$275,770.23, which was received in settlement of the State's claim against the United States; and this sum being deducted, there appears a falling off in the total receipts for 1857, as compared with the preceding year, of \$121,436.83.

This may be accounted for, to some extent, by the repeal of the Stamp Duties, on account of which \$40,123.23 were received into the Treasury in 1856; and, it must also be borne in mind that the revenue for direct taxes in arrears is gradually diminishing.

The truth of this explanation will be more apparent by instituting a comparison between the amount of revenue accrued and received in 1857, which, as before stated, was \$958,746.44, and the amount accrued and received in 1856, which was \$1,003,009.98; allowing for the decrease by reason of the repeal of the Stamp Tax, the difference against 1857 is reduced to \$3,810.52.

STATEMENT B, exhibits the disbursements in the fiscal year, ended the 30th of September, 1857, which were \$1,259,164.40. This statement also shows the balance in the Treasury at the close of the fiscal year to have been \$718,477.32, subject to the payment of charges therein stated, leaving a nett balance of \$242,090.58 for future applications and demands.

STATEMENT C, is an estimate of the probable receipts into the Treasury in the current fiscal year, (ended the 30th of September, 1858,) under the existing Revenue laws. The amount, as therein estimated, is \$1,129,650.00.

STATEMENT D, will be found to contain an estimate of the probable demands upon the Treasury for the current fiscal year, the total amount of which is set down at \$958,844.00.

STATEMENT E, is an account of "THE FUNDS," composed of the *Free School Fund* and *Sinking Fund*.

By an examination of this Statement the receipts during the year, on account of the Free School Fund, will appear to have been \$68,992.83, which added to the amount remaining in the Treasury on the 30th of September, 1856, to the credit of this Fund \$31,923.93, makes an aggregate of \$100,916.76.

The disbursements for the same period were \$79,929.13, which being deducted, there remained to the credit of this Fund on the 30th of September, 1857, the sum of \$20,987.63.

That portion of the School Fund which consists of Bank Stock and Cash, belonging to the Counties, is exhibited in STATEMENT G.

The receipts in the fiscal year, on account of the "Sinking Fund" as manifested in STATEMENT E, appear to have been

\$321,336.75, of which sum \$126,224.78, was surplus revenue transferred.

The whole amount of the receipts were invested for the use of this Fund.

At the close of the preceding fiscal year the Sinking Fund amounted to \$3,676,065.35, and it was increased during the year, by the purchase of stock amounting to \$338,704.92, to \$4,014,770.27. But \$17,493.83 of 6 per cent. stock created by chapter 350 of 1835 was cancelled in the year, and this sum being deducted, leaves the Sinking Fund on the 30th of September, 1857, \$3,997,276.44, being a nett increase of \$321,211.09 during the fiscal year.

STATEMENT F, shows the character and amount of the Stocks purchased for the Sinking Fund, from the 30th of September, 1856, to the 30th of September, 1857.

By an examination of this Statement in connection with STATEMENT E, before referred to, it will appear that the sum of \$321,336.75, only was expended in the purchase of stock, amounting to \$338,704.92, thus saving to the State \$17,368.17.

The control and management of the Sinking Fund is by law entrusted to the Treasurer, and its prosperous condition demonstrates the prudence, faithfulness, and ability of the distinguished gentleman to whom this responsible trust is at present confided, and affords unquestionable evidence, that it could not be committed to more skillful and experienced hands.

STATEMENT I, is "of the State's Capital and Credits as of the 30th of September, 1857," amounting in the aggregate, as a reference will show, to \$22,450,670.23, of which, however, only \$8,058.964.94 are rated as productive.

STATEMENT J. This is a Statement "of Funded Debts contracted by the State, as of 30th of September, 1857," at which time there appears to have been \$14,919,967.39.

STATEMENT II, of the *Appendix*, shows the assessed valuation of Real and Personal Property in the State, with the amount of Levy thereon, in each County and the City of Baltimore, for the year 1857.

The total increase upon the assessment of 1856 is small, being only \$542,429.00. In Baltimore City there is a decrease, as compared with the preceding year, of \$2,803,987.

DIRECT TAXES.

TABLE No. 1, of the Appendix, upon examination will show that the receipts for Direct Taxes, in the fiscal year, were \$233,303.02, of which, \$91,513.20 accrued in 1857, and \$141,789.82 were paid on account of taxes which accrued in previous years.

By a comparison of the receipts, as exhibited in this Table, with the receipts on the same account for the preceding year, they will be found less than those of 1856, by the sum of \$97,291.40, of which diminution \$23,588.48 appears in the receipts of Direct Tax accrued in 1857, and \$73,702.92 in those on account of Tax which accrued prior to that year.

This result may be attributed in some measure to the reduction made in 1856, the full force and effect of which could not be experienced until the succeeding year; a considerable portion of the receipts in 1856, being at the rate of 15 cents in \$100.00. It is apparent, also, as has been already remarked, that the Direct Taxes in arrear at the higher per cent. existing before the several reductions were made, are rapidly diminishing, and the receipts, on this account, for former years, are in like manner lessened.

The decrease in the receipts from Direct Tax which accrued in 1857, is doubtless owing to the financial difficulties, in which the entire country has, to a greater or less extent, during the past year unfortunately been involved. It is a gratifying consciousness however, that this financial derangement has not in the slightest degree impaired, or even embarrassed, the credit of Maryland; and, with the exercise of ordinary prudence, it may be safely assumed that her faith is unassailable.

In the Comptroller's Report to the Governor for the preceding fiscal year, it was stated that the Legislature, at its session in 1856, had exempted several Mutual Insurance

Companies from all taxation. The policy of these exemptions may well be doubted; they are made a ground of complaint on the part of the people who reasonably expect that every portion of the community should fairly contribute, in accordance with its ability, to sustain the burthens of the State.

The law passed in 1856, requiring the publication of officers in default to the State, was complied with; but no appropriation having been made in anticipation of the expense to be incurred in its execution, the immediate passage of an act making the requisite appropriation, is respectfully recommended.

The law referred to has caused much additional labor in this office, but it has unquestionably served to accelerate payments into the Treasury.

REVENUE FROM CLERKS OF COURTS, &c.

TABLE No. 2, will be found to contain the amount of receipts into the Treasury, during the fiscal year, on various accounts, to wit: from Licenses, Taxes on Plaintiffs, on Civil Commissions, on Commissions of Trustees and Receivers, from Fines, and excess of Officers' Fees, making an aggregate of \$262,180.11, which exceeds the receipts derived from the same sources in 1856 to the extent of \$7,003.35. In this comparison the Revenue arising from Stamp Duties is excluded.

The License Act, passed in 1856, has largely increased the revenue, and the increase would have been from \$25,000 to \$30,000 greater, but for the reduction of the lowest grade of Traders' Licenses from \$12 to \$6.

In the Report which the Comptroller had the honor to submit to the Governor in the preceding fiscal year, the fact was mentioned that this new License Law imposes no penalty for its violation, and although those of former laws have been decided by the Courts to apply, yet the rates of licenses in many instances having been altered, it would seem to be necessary that the penalties should be made to conform thereto.

The difference which the law designed to make between the "Retail Liquor License," (or the license to sell in quantities *not less than a pint*,) and the "Ordinary License," (the license to sell in quantities *less than a pint*,) in many portions of the State, is practically disregarded; the *Store-keeper* and *Shop-keeper*, without professing to open, set up, or keep an "Ordinary," apply for and receive the Ordinary License.

The preliminary oath required of the applicant for license, by the Act of 1856, is a most excellent provision; but great inconvenience would be saved persons living remote from the Clerk's office if the law should be so amended as to allow the oath to be administered by a Justice of the Peace.

The recommendation of my predecessor that authority be given the Comptroller to substitute a *stamp* for his signature upon licenses furnished the Clerks by this office is hereby renewed. By such a provision the interest of the State could not possibly suffer, and much useless labor would be dispensed with.

It is gratifying to bear testimony to the promptness and efficiency manifested by the Clerks of the various Courts in connection with this Department; but the Comptroller regrets to state that the late Clerk of the Circuit Court for Caroline County cannot be included in this number.

During the fiscal years 1856 and 1857, no payments were made by him into the Treasury. His accounts, properly certified, were from time to time sent to the State's Attorney for that county, with instructions to institute immediate suit, and, in the language of the law, "to prosecute with diligence and effect." But these instructions were not complied with, and the promises of settlement repeatedly made by the State's Attorney on behalf of the Clerk were not verified. At length the Comptroller deemed it his duty, under the Act of Assembly of 1854, ch. 196, to bring the subject to the notice of the Grand Jury of that County; their action with regard to the matter has not been authoritatively learned.

It is evident that the State would be benefited by the passage of a law authorizing the Comptroller in cases of this kind to place the accounts of defaulters in the hands of some

other member of the Bar; otherwise the State's Attorneys may nullify the laws, in this particular, with impunity.

REPEAL OF THE STAMP DUTIES.

The law imposing *Stamp Duties* having answered the purpose for which it was designed, by assisting to relieve the State of her embarrassments, and having become an inexcusable burthen upon the business enterprise of her citizens, was at the Legislative session of 1856, wisely and properly repealed. At the same time the great Landed Interest of the State was considered and respected in the reduction of the Direct Tax from 15 to 10 cents in the \$100. The whole amount of revenue derived from the sale of stamps from the passage of the Law to the date of its repeal (March 10th, 1856) was \$765,707.94, of which the sum of \$148,351.34 was for Stamps on Lottery tickets.

It will be necessary for the Legislature at its present session to make an appropriation for the redemption at the Treasury of Stamps remaining on hand at the time of the repeal of the law. This was contemplated in the original enactment, but was omitted in the repealing act, and thus the Treasury Department was left without the authority to afford the requisite relief.

REVENUE FROM REGISTERS OF WILLS.

The receipts into the Treasury from the Registers of Wills in the year have been \$68,877.28, which is an increase of \$1,599.24, upon the year preceding.

Of the amount received \$37,745.19 was for tax on the Commissions of Executors and Administrators, and \$31,075.74 was on account of the tax on Collateral Inheritances.

These officers, almost without exception, have made their payments into the Treasury with commendable punctuality.

AUCTION DUTIES.

The receipts from Auction Duties appear in TABLE No. 4, and amounts, for the fiscal year, to \$16,232 84.

The proceeds from these Duties are placed to the credit of the City of Baltimore under chapter 266 of 1853, for the Deepening of a Channel in the Chesapeake Bay.

In accordance with the requirements of the Act just mentioned, the Mayor and City Council of Baltimore, on the 24th of January, 1857, reported to the Comptroller a fair and distinct account of their disbursements in relation to the deepening and improving of the said channel, which report is herewith presented to your Honorable Body.

TABLE No. 4, of the Appendix, also shows the receipts from Auctioneers' Licenses during the year, which were \$5,000, being \$2,700 less than they were in 1856. This is accounted for by the large reduction which was made in the price of these Licenses by the Legislature at its session of 1856.

BALTIMORE AND OHIO RAILROAD COMPANY.

The State's proportion of the receipts, from the Washington Branch of this Road, in the fiscal year, amounted to \$76,038.16, being an increase of \$2,979.08 over 1856, and of \$8,065.77 compared with 1855.

During the same period the State received from this Company, for dividends, \$90,636, being \$23,321 more than was received on the same account in the preceding fiscal year.

SUSQUEHANNA AND TIDE-WATER CANAL COMPANIES.

TABLE No. 17, shows that there was due the State from these Companies, for the year, the sum of \$67,000.00, upon which they paid into the Treasury \$40,559.70, leaving a balance against them of \$26,539.30. They state, with much confidence that they will be able to discharge their liabilities during the coming Spring.

The amount of arrears of interest which the State was entitled to have refunded, so long a subject of difference, has been

adjusted by the Treasurer, the Companies having agreed to accept his statement.

NORTHERN CENTRAL RAILWAY COMPANY.

In obedience to chapter 260 of 1854, this Company has punctually made its quarterly payments, amounting in the year to \$90,000.

TOBACCO INSPECTIONS.

The gross receipts from the State Tobacco Inspections in Baltimore, for the year as exhibited in the TABLE No. 6, appear to have been \$87,685.03, and the expenses for the same time were \$57,258.37, which being deducted, leaves a nett balance of \$30,426.66 (being \$21,563.86 more than that of 1856) to be applied to the payment of the interest of the Tobacco Debt, &c.

EXCESS OF FEES.

The receipts from Excess of Fees, arising by the operation of the first section of the Tenth Article of the Constitution, and the Act of 1853, chapter 444, in relation to the emoluments of Clerks and Registers, amounted in the year to \$5,668.02, being \$351.59 less than was received on the same account in 1856.

Of these receipts the sum of \$696.53 was paid by the late Clerk of the Circuit Court for Frederick county; \$1,530.76 by the Clerk of the Court of Common Pleas of Baltimore city; \$268.16 by the late Clerk of the Criminal Court for Baltimore city; \$210.06 by the late State's Attorney for Baltimore city; \$902.49 by the present State's Attorney for Baltimore city, (this return which is a large one, embraces but two Terms of the year, upon which *only* Fees had been received to 1st of January, 1857,) and \$2,060.02 from the five Flour Inspectors in the City of Baltimore.

The Inspectors of Flour at first demurred to the payment of \$400 each, upon the ground, as stated in the Comptroller's

Report of 1856, that they had a right to retain the amount of the tax paid for their commissions, but finally yielded to the Comptroller's view of the subject so far as to make payment under protest.

The attention of the Legislature is invited to this subject and the passage of a general law recommended, which shall embrace in its provisions all officers intended to be reached by the Tenth Article of the Constitution, compelling them under penalties to make reports of the emoluments of their offices to the Comptroller, and conferring upon that officer powers and duties similar to those conferred by the Act of 1853, chapter 444, relative to Clerks and Registers.

MISCELLANEOUS.

The State's claim against the Federal Government of the United States, for money advanced and for interest on loans contracted by her in the prosecution of the late war with England, has at length been settled.

The sum received into the Treasury on this account was \$275,770.23, upon which the agents appointed to prosecute the claim, on behalf of the State, received a commission of ten per cent.

By Resolution 38 of 1825, "the sum or sums which may be received from the Government of the United States, for interest upon the money advanced by the State of Maryland during the late war, for the use and benefit of the United States, shall constitute a fund for the establishment and support of Common Free Schools." The amount, thus devoted to the use of Free Schools, as ascertained by the Treasurer, is 160,929.26, the proper application of which will be a subject of Legislative consideration.

The Comptroller has complied with the joint Resolution, No. 11 of 1856, in relation to the amount due the estate of the late William Fitzhugh, of Calvert county, under and by virtue of Resolution No. 10 of the General Assembly of the State of Maryland, passed at November session, in the year

seventeen hundred and ninety-one, and a certificate of the amount ascertained, in accordance with the directions of the Resolution referred to, has been filed in this office, "for the further action of the General Assembly of Maryland."

It will be perceived by a reference to TABLE No. 15 of the Appendix, that the receipts from the tax on Policies of Insurance have very much decreased, as compared with the receipts in former years.

This is unquestionably, attributable to the imperfections of the laws on this subject, and the difficulties attending their execution.

The revenue would be enhanced by the repeal of the existing laws, and the passage of others of a more direct and stringent character.

The licenses to Agents of Insurance Companies not incorporated by this State, should issue from this Office, and the price of the license might be increased, as was suggested by my predecessor in his Report for 1855, and all other taxes on this account abolished.

The receipts from the Hay Scales in Baltimore will be found in TABLE No. 12. They amounted in the year to \$863.84 which is an increase upon the year preceding.

TABLE No. 12, also shows the receipts from the *Live Stock Scales* during the fiscal year. The revenue derived by the State from this source, was \$6,394.35, a falling off as compared with former years, in consequence of the extensive repairs, which the Weighmaster has deemed it his duty to make during the years 1856 and 1857. In this connection the Comptroller begs leave to renew the suggestion made in his Report to the Governor in the preceding year.

The Revenue from the State Wharves in Baltimore likewise appears in No. 12 of the Tables. Upon the representations of the State Wharfinger, and in the absence of an appropriation, the Comptroller was induced to allow a portion of the receipts to be applied in the making of repairs, which appeared to be absolutely necessary to preserve the property of the State. It would, doubtless, be of service for a Com-

mittee of the Legislature to visit the State Wharves, to examine and report their condition.

In conclusion, it will be the pleasure, as it is the duty of the Comptroller, to render any assistance in his power, to your Honorable Body, in connection with this Department of the State Government.

Respectfully submitted,

WM. HENRY PURNELL,

Comptroller.
